| SYNOPSIS | | | | |
| An American film classic, based upon a Pulitzer Prize-winning novel: In the rural American south during the depths of the Depression, two children watch as their principled father takes a stand against intolerance. A gentle and leisurely movie despite some rough content, 'To Kill a Mockingbird' benefits immensely from its near-perfect casting, particularly of Mary Badham and Philip Alford as the children and Gregory Peck in the role for which he is best remembered, as their wise and patient father. Superb storytelling; superb film. Written by Carl Schultz | | | | |
